

REAL LIFE. REAL HOPE.

CHR'S NEW OUTPATIENT SITE OFFERS MORE HOPE TO PEOPLE LIVING WITH BEHAVIORAL HEALTH CONCERNS

For more than 40 years, CHR has been serving communities in Central and Northern Connecticut—and the last 10 of those have included in-home services in the Northeast.

During that time, we have learned how important it is to listen to the needs of those we serve in the community. At CHR, we respond with programs and services that restore hope and bring positive change.

As a result, we are pleased to announce that CHR has a new location in Mansfield, which opened in July 2010. We now offer a wider range of behavioral health services and a choice to those living or working in the Northeast. Our Outpatient Services include individual and family therapy, psychiatric assessments, crisis intervention and treatment of depression, anxiety, and other emotional or behavioral concerns.

We are currently meeting with referral sources within the community. I encourage you to learn more about how CHR can help those you serve.

ASSESSMENT CENTER TOLL FREE AT 1-877-884-3571.

YOU TALK. WE LISTEN.

Whether you're calling for yourself or referring someone else, asking for help is hard. And asking for help for a mental health or substance use disorder might be the hardest thing a person will ever do.

CHR understands those concerns, and members of our Assessment Center team are a phone call away. They are ready to listen, share information, answer questions, schedule appointments and, in a crisis, provide immediate assistance. They can also assist callers with eligibility requirements for specific services.

Referrals are accepted from schools, hospitals, private providers, pediatricians, emergency service personnel, etc. as well as parents and guardians. We also welcome self-referrals.
