Milestone is a 30 day intensive residential treatment center designed to accommodate and treat women with a history of substance abuse, trauma and mental health issues. Our comprehensive services are recovery-oriented, gender-responsive and trauma-informed with the goal of helping women find real hope for recovery. Milestone offers individual and group counseling, case management and aftercare planning services. Treatment is individualized and centered around healing and wellness, essential to moving forwards towards employment, housing and family stability. Milestone is part of CHR’s Center of Excellence for Women/Women and Children located at our Putnam campus.

INDIVIDUALIZED CARE PLANS:

• **Individual and Group Counseling** - These sessions advance the goals of individualized treatment plans for women, addressing addiction and trauma. Groups focus on coping skills, anger management, relapse prevention and recovery planning.

• **Family-Centered Interventions** - We help facilitate interventions that address all members in the family and include efforts to improve relationships with significant others, including; partners, parents, siblings, children and caretakers. Family interventions are an important aspect of each client’s recovery.

• **Life-Skills Activities** - Activities include; health education and development of self-care plans, health promoting lifestyle interventions, personal care and life skills, employment skills, parenting support and improving family relationships.

• **After-Care Planning** - After-care planning is a major focus of treatment which starts at the time of admission to the program. Our goal is to help women return to lives of stability and recovery.
WE'RE READY TO HELP

CHR accepts referrals from parents, guardians, family members and friends. We also take referrals from schools, hospitals, private providers, primary care physicians, pediatricians, community agencies and emergency service personnel, to name a few. We also welcome self-referrals.

CHR accepts Medicaid, HUSKY Part A & Part B, Medicare and most major health insurances as partial or full payment for services.
