

Therapeutic Foster Care

Children need a safe place to call home. CHR helps families provide children real hope for a loving environment.

At any given time there are thousands of children living in foster care throughout Connecticut, many having been removed from their homes because of neglect, abuse or abandonment. CHR's Therapeutic Foster Care program provides support to families fostering children with emotional or behavioral problems, helping to build safe and loving homes. CHR helps families develop specialized plans detailing short and long-term goals for the child's emotional, physical, developmental and educational needs.

THE REWARDS ARE GREATER THAN YOU CAN IMAGINE

Our foster families have heartwarming experiences changing children's lives for the better. From stories about a boy with no basic social interaction skills becoming a cherished son, to a girl with no desire to attend class later graduating from college. As a foster parent, you will enjoy special moments like teaching a child how to ride a bike or gaining a child's trust.

A SAFE HAVEN, LOVING HOME AND HOPE THAT EVERY CHILD DESERVES

This program was created with children ages 2 – 17 in mind, with exceptions made for adolescents up to age 19 on a case-by-case basis. Eligible children are also active with DCF and currently in foster or pre/post-adoptive living situations. Placements referred may be at risk of disruption or may simply be in need of additional support. In-home and related services are provided for three months, with extensions available.

CHR WILL HELP YOU BECOME A SUCCESSFUL PARENT WITH:

- Personalized counseling, training and support, including 24/7 on call support from trained case managers
- A monthly stipend to cover the costs of each child's needs such as food, clothing, school supplies and more

TO BECOME A THERAPEUTIC FOSTER PARENT YOU WILL NEED:

- To work as part of a team to help meet each child's emotional, physical, developmental and educational needs
- Allocate a room in your home for the child
- Like all parents, have the patience and capacity to love a child and help them navigate the changes and challenges of growing up
