

Housing Services

At CHR, we believe that affordable and safe housing is a critical component to support recovery and optimal health.

CHR's Housing programs help hundreds of individuals and families find and maintain housing, including those who are homeless, about to become homeless, chronically homeless and those being discharged from state hospitals, jails and nursing homes, and others living in the community.

All of our housing programs use the Housing-First model, an approach that focuses on providing individuals and families with permanent housing solutions without preconditions or requirements to participate in services. Additionally, all of CHR's mental health and wellness services are available to individuals in our Housing programs, when needed.
