

WHY CHR?

- The demand for behavioral healthcare services, including treatment for deadly opioid addictions, has never been higher.
- CHR treats the whole person with individualized approaches to help people of all ages reach and maintain recovery.

WHAT IS CHR?

- A vibrant, comprehensive behavioral healthcare agency that provides expert care for people of all ages.
- Recognizing the many dimensions of health, CHR provides both clinical treatments and support services, such as help with **housing, case management and employment**, to help people reach optimal recovery.
- Reflecting its comprehensive range of services, CHR was the first agency in CT to meet all of the rigorous federal criteria as a Certified Community Behavioral Health Clinic (CCBHC).

WHO IS CHR?

- There are more than 900 employees at CHR, including licensed social workers, therapists, case managers, APRNs, psychiatrists, Peers/Recovery Support Specialists and more.
- CHR has repeatedly been named a TOP WORKPLACE among large employers in CT, based on anonymous data.
- CHR has received special recognition through the years for trainings and work-life balance. **President and CEO Heather Gates** has twice been honored as the TOP LEADER among large employers.
- **CHR is on a journey to becoming a more just and equitable agency through a multi-year, agency-wide learning collaborative featuring thought-provoking and interactive learning opportunities for all employees.**
